## **PDF**

Lucy Jones is a nobody. As an orphan she was reluctantly taken in by her wealthy relatives, the Arringtons, on the condition that she be silent and obedient, always. When her lifelong infatuation with her cousin Sebastian is rewarded by a proposal of marriage, she's happy and grateful, even though the family finds excuses to keep the engagement a secret.

James Wright-Gordon has always had the benefits of money and a high station in society, but he is no snob. He's very close to his sister, Anna, who quickly falls for the dashing Sebastian when the families are brought together at a wedding party. Meanwhile, James is struck by Lucy's quiet intelligence, and drawn to her despite their different circumstances in life.

Lucy suspects that Sebastian has fallen for Anna, but before she can set him free, a terrible secret is revealed that shakes both families. Will James come to her rescue—or abandon her to poverty?

Wonderful Romance

By J. Jones

A Marriage of Inconvenience by Susanna Fraser is a recent ebook release by Carina Press. It is also a good example of why my TBR pile grows instead of shrinks. I read and loved *The Sergeant's Lady* by Susanna Fraser and when I saw *A Marriage of Inconvenience* I immediately purchased and started to read. I knew from a comment Susanna made on my post for *The Sergeant's Lady* that this book would be a prequel that told the story of Lucy and James, two secondary characters from the previous book.

Lucy Jones is a poor relative living with the Arringtons. She has recently become secretly engaged to her cousin Sebastian. When the Arringtons travel for Portia Arrington wedding Lucy meets James Wright-Gordon. James's sister Anna meets and is attracted to Sebastian. When the Arringtons' fortune takes a turn for the worst the lives of all four are changed.

Susanna Fraser writes a well-plotted character driven story. Lucy and James are both likable people who try to do what is right even when it turns out wrong. It was interesting to see how Anna from *The Sergeant's Lady* ended up married to Sebastian. A added bonus was hearing how everyone was doing several years later

in the Epilogue.

Realistic historical novel

By Evangeline Han

Lucy Jones is an orphan. She lives with her wealthy relatives but no one wants her. Or so she thought until her cousin, Sebastian Arrington, proposed marriage to her. She was shocked but, as much as she adored her cousin, could not help but notice that he does not love her and behaves in a peculiar manner towards her. Unfortunately, an unfortunate incident results in the end of the engagement. As a result, she learns more about Sebastian's true character than she has ever known but does not tell anyone.

In between her engagement and its termination, she meets James Wright-Gordon. James, also known as Lord Selsley, is a Viscount with a seat in Parliament. He is powerful and rich from wealth left to him by his parents who both died when he was young. When he and Lucy are caught in a compromising situation, they are forced to marry.

Not only do they need to learn to love each other, they also have to learn how to make their marriage work when James discovers Sebastian's true character and Lucy's mistake in not revealing it.

I like the way humor was intermingled with more serious parts in A MARRIAGE OF INCONVENIENCE. Lucy and James's bantering helped lighten the mood and provided a realistic outlook of married couples' conversations.

There is a scene in which Lucy tells her life story to James that seemed improbable to me as you usually do not tell a virtual stranger personal details about your life. Other than that, I thoroughly enjoyed reading A MARRIAGE OF INCONVENIENCE. The story's plot is fast moving and there are no lapses. In nearly every scene, there is action and suspense.

Overall, I'd give A MARRIAGE OF INCONVENIENCE high marks. The story is enjoyable and readers can pick up bits and pieces of historical facts. A well-researched book, this is definitely one I'll re-read.

I doubt I'll read another of the author's books

By Sandy Milan

I was enjoying this book in a sedate, ordinary kind of way until about mid way through. Once again the H (like in the other book of this author's) had a previous love whom he had wanted to marry and he told the h about her early in their marriage. I just find it hard in a romance to be reading about 'the one who got away'. I was hopeful at the beginning that the H was falling in love with the h and we could avoid the previous love. No such luck. Anyway both books that I've now read by this author are not books of grand passion but rather ones of quiet love where feelings have grown. I can't explain this very well other than to say it all feels quite insipid.

I was extremely annoyed by the H's reaction to the news that the h had been engaged secretly to the H's sisters husband before, and not told him. He was more passionate in reacting to her 'betrayal' than he was in admitting his love for the h.

I like the author's style of writing but I can't read another story like this again. I want to read grand passion or great love stories, not this style of quiet but unsatisfying romance.
