## From the Inside Flap

"Life exists only at this very moment, and in this moment it is infinite and eternal. For the present moment is infinitely small; before we can measure it, it has gone, and yet it exists forever.... You may believe yourself out of harmony with life and its eternal Now; but you cannot be, for you are life and exist Now."-from "Become What You Are

In this collection of writings, including nine new chapters never before available in book form, Watts displays the intelligence, playfulness of thought, and simplicity of language that has made him so perennially popular as an interpreter of Eastern thought for Westerners. He draws on a variety of religious traditions, and covers topics such as the challenge of seeing one's life "just as it is," the Taoist approach to harmonious living, the limits of language in the face of ineffable spiritual truth, and the psychological symbolism of Christian thought.

## About the Author

Alan Watts (1915–1973) was a renowned lecturer and the author of nearly thirty books, including *The Way of Zen* and *The Book*.

Wish I had read it sooner

By Trescool

I had never even heard of Alan Watts until I ran across him on yo(u)tube of all places. I have spent a couple of years trying to sort out my spiritual beliefs and have browsed, read, watched and generally consumed all manner of media in my quest for "enlightenment". I have to say this book wraps all of that up in just a few short pages and has given me a new perspective on life and the struggles we all go through.

If you are struggling trying to make sense of all the differing religions and belief systems out there I encourage you to read this. It breaks things down to the simple core understandings that run through all of them you're probably looking for.

4 of 4 people found the following review helpful.

Don't try to be someone who you are not, be who you are and you will succeed

By Kimberly Fujioka

Excellent book by the pioneer in bringing Buddhism to the U.S. This book is very readable and will convince you to follow your bliss. If you think that earning a living is tortuous and mind numbing, then you are in the wrong job or career. If you get on the right path to expressing your true self, you will feel better, attract the right people and get a good career that is profitable and satisfying.

Bunch of stuff was over my head but the story told was good.

By Christopher Corson

Gives you an fresh way to look at your life and what it means to be you. Really. Bunch of stuff was over my head but the story told was good.
