Last night, Alex wanted to give his wife Christa a pleasant surprise. Instead, he ended up watching her having sex with another man in a parking garage. Yet despite being hurt and heartbroken, he did nothing to stop it, and he can't understand why.

Tonight, they're on their way to a party at their friend Mikey's mansion. The party promises to bring them a lot of things. Maybe reconciliation. Maybe exploration. Maybe even understanding. The question is, will it be enough to satisfy all of Christa's needs? And will Alex ever be content with just watching?

Surprising, Delicious, Fun - A sweet couple take a bold sexy leap. I want to see more.

By LoveAtHeart

This was a very enjoyable and sexy read. It kept me captivated and pulled me in more than I expected. I thought I was just going to read a bit before going to bed, but instead I couldn't stop until I was done (fortunately it was short). Two things I will mention however: One, to the author: While I really like your writing and style, have another proofreader look at it. You have a few obvious typos (extra words that you forgot to delete, some misspellings - an autos "brake" is not spelled "break", etc). But readers, that's just for the author to know about so she can fix it and make an already wonderful story even easier to read - the mistakes are very infrequent and I still heartily recommend this story. She's a truly talented writer and I look forward to reading more of her stories. (One last thing, add a little more to the end. We think we know where it's going, but it would be so much more satisfying to read a few details on how they will go on, even if more about them comes in another book. I hate to call it a cliffhanger, but some might.

Good until the last chapter

By Paul Badger

I really wanted this to be a 5-star review but the book ended up disappointing me at the very end, which really lost it a star rating. It starts out very well, has some good character development, and even some fun and erotic scenes. But the last chapter just made me feel like it was a "hot mess" with the mixed message that our male lead LIKES what is happening and HATES what is happening. A different ending would have improved it a great deal.
