A Rare Gem

By Gurpreet Singh

I have gone through many religious books in my lifetime. But once I had got this book in hand I first and foremost considered myself the most fortunate person in this world. Actually no words can really describe what this book means to me. I never got around to any other religious book thereafter, such is the impact this book had on me. It has the rarest of spiritual knowledge. But Most amazing part is everytime I read it, I unearth something new, and everytime it is as fresh as the first time.

This book is not meant for just going through once and keeping aside, for me it is part of my life, or rather it made my life.
