Four Questions

By Bryan

This book is so short - with (18 pt?) font - that you might be tempted to pass it over. DON'T!!! They don't teach these ideas in Business School! Buy it, read it carefully, then buy copies for your managers and HR staff - I plan to present my key (Supportive and Engaged) people with their own copies in my "Conversations" with them this week.

Don't Miss This!

By Julie

I was recently given a copy of this book, and it is phenomenal. Like the other feedback, I too thought, "its really short with a fairly large font"...is this for real? But the nuggets of truth are real and can be acted on immediately. As the manager for a large coffee house, I will be using this with my staff and will be passing it up the chain to our district and regional managers. Definitely a gem!!
