Life will certainly be completed if you understand much more things via reading books.

GERARD MANLEY HOPKINS: THE MAJOR WORKS (OXFORD WORLD'S CLASSICS) BY GERARD MANLEY HOPKINS PDF

This authoritative edition brings together all of Hopkins's poetry and a generous selection of his prose writings to explore the essence of his work and thinking.

Gerard Manley Hopkins (1844-89) was one of the most innovative of nineteenth-century poets. During his tragically short life he strove to reconcile his religious and artistic vocations, and this edition demonstrates the range of his interests. It includes all his poetry, from best-known works such as "The Wreck of the Deutschland" and "The Windhover" to translations, foreign language poems, plays, and verse fragments, and the recently discovered poem "Consule Jones". In addition there are excerpts from Hopkins's journals, letters, and spiritual writings. The poems are printed in chronological order to show Hopkins's changing preoccupations, and all the texts have been established from original manuscripts.

Wonderful Collection of His Poetry

By Ryan P. Hilderbrand

Oxford University Press has done it again! This book is an absolutely wonderful compilation of Gerard Manley Hopkins' poetry, letters, and prose. With all of his poems (including fragments of poems), as well as letters and spiritual writings related to his conversion and his joining of the Jesuit order, this book not only gives the reader a wonderful selection of his work, but also an interesting insight into the life of Fr. Gerard Manley Hopkins. I would recommend this master of sprung verse to all.

There lives the dearest freshness deep down things The supplementary documents and the great poems

By Shalom Freedman

For most readers including myself what matters in a poet are the great poems. These are the poems most frequently anthologized and most widely known. These are the ones some of us read over and over again, and even try to memorize. But along with and behind the great poems are the lesser poems. And along with this is the documentation of a life, which in Hopkins case includes many letters. There is too in a critical edition of the poems another benefit for the reader, for in some cases we can see the variants and the transformations the poems undergo before reaching final form.

Again all of these background materials would be nothing without the great poems. In Hopkins poems there is the fresh and wildly original connection with Nature, the miraculous inventiveness of language, a way of seeing and saying like no other poet before. There is too the God - consciousness which pervades Hopkins works and makes him one of the greatest of all the religious poets.

This volume enables us to deepen in our knowledge of one of the English language's greatest poets.

A superb poet in less than ideal format

By David L. Hicks

I am rating the book, not the author. 400+ pages of very small print - not the easiest reading for 80+ year-old eyes. GMHopkins is a superb poet, one of my favorites. His phrasing is perfect, the cadence exciting, and the story always rich. I have many enjoyable hours ahead.
