Kids Poems

By Alphabet City

This is such a cute book. It shows many different poems written by second graders. The poems are shown in the child's handwriting and then again typed with a picture. It gives the students you are teaching the confidence that they too can be a poet. Such a great tool for a poetry unit. Also available in other grade levels by the same author. I LOVE this book!!

It is okay

By Alexandra

It helped my students at least get started and see other children's writing. The illustrations and students writing helped my students get started. Lucy Caulkins works better for me.
