This could have been a great series:-) love writing style!!!

By Kindle Customer

I love the writing style and bluntness of it. Larissa definitely has what it takes to be an awesome writer. You can feel the raw emotions of the characters and I was ok with everything until towards the end. There was too much confusion. I've read stories of women going back to abuser, but something was off. Was JeTaime planning to betray Chance all along? Did she back out of the plan when Chance started treating her well? I don't get it. I thought she went back to save Chance from getting killed, but it looks like she set him up to be killed. Her thoughts towards the end were confusing and it just didn't make sense. Where's her family at? She has this big drug family, but Keith is not afraid to abuse her. I think this would have been good read, if she was working with Chance or by herself to set up Keith. I don't understand Chance's dead wife's relationship with Keith and JeTaime. Which I know will be explained later. What happened to Santana? I would love JeTaime's character to have more of a backbone. Hopefully, loose ends are tied in part 2. I hope JeTaime can explain herself to Chance and they work this out. Definitely like the writing style and will read more of her books. I just got confused in the later chapters when Keith was back in the picture. Good job Larissa!

Amazing Read

By Nicki Ervin

Je'taime is a snake. How she did chance was so wrong. That man did nothing but love her. Keith only used her in all ways possible. She should have stuck with the man who truly loved her stupid self. This was a book well worth reading. Larissa did her thing as usual. Can't wait until part 2. Hopefully Je'taime gets herself and baby Cherish away from Keith!

Beat read

By Amazon Customer

I really enjoyed this book,I never seen what happened coming. I love how we don't have to hear about how

beautiful, big booty,and all the men want Jet' amine. Most of the books I have read,make the women out to be the baddest women in the World. And we know everyone is not like that,fiction or not. So thanks to the author making her relatable. Can't wait to read pt. 2
