I Love these books

By mgr

I've been in love with these books since I was a young teenager. It was amazing to read a short funny book, where the heroes generally win because of their minds and not because they possess a great deal of brute force or strength.

4 stars for the story, but sadly it is not a new book at all

By Amazon Customer

When I saw this book 8 months ago, I eagerly ordered it in advance of the printing. My family loves Robert Asprin's fine MYTH tales and have long been eagerly awaiting a new one. Imagine our shock to find that this is simply a collection of several of his previous books. . . . We won't return it, because we would like the author to be rewarded for such a fine series. But, come on Mr. Asprin! A new story, please!!
