NATURAL LIBERATION: PADMASAMBHAVA'S TEACHINGS ON THE SIX BARDOS BY PADMASAMBHAVA PDF

A perfect companion to the well-known Tibetan Book of the Dead.

In life and in death, in meditation and in sleep, every transitional stage of consciousness, or bardo, provides an opportunity to overcome limitations, frustrations, and fears. The profound teachings in this book provide the understanding and instruction necessary to turn every phase of life into an opportunity for uncontrived, natural liberation.

Like the Tibetan Book of the Dead, Natural Liberation is a term, a "hidden treasure" attributed to the eighth-century master Padmasambhava. Gyatrul Rinpoche's lucid commentary accompanies the text, illuminating the path of awakening to the point of full enlightenment. Natural Liberation is an essential contribution to the library of both scholars and practitioners of Tibetan Buddhism.

Enlightening Text

By Neal J. Pollock

This book is a good follow-up to Gyatrul Rinpoche's commentary on portions of Karma Chagme's 17th century text, "The Union of Mahamudra and Dzogchen." The 2 volumes are entitled: "Naked Awareness" and "A Spacious Path to Freedom." All 3 are translated by B. Alan Wallace and, I believe that, the introductions make the connection between the two original texts. "Natural Liberation" and is attributed to the earlier master Padmasambhava. However, even the 3 together are not a complete exposition of the Union. Chokyi Rinpoche also wrote a small commentary on Karma Chagme's text entitled: "The Union of Mahamudra and Dzogchen." All 4 of these books are well worth reading. They are among the clearest and pithiest of currently available English translations of Mahamudra and Dzogchen texts and help one to not

only understand their relationships, but more importantly to understand the underlying truths within them. They also provide considerable practical guidance for the practitioner. Mahamudra is contended to be the highest teaching within the Kagyu tradition (among the 4 Tibetan Buddhist traditions). Dzogchen is similarly regarded for the Nyingma tradition. Thus, such original works can be said to address the very highest Vajrayana (Tibetan Buddhist) teachings. It is obvious (even in translation) that both Karma Chagme and (the much celebrated and revered) Padmasambhava were great, enlightened masters. This volume contains a wealth of valuable material and is highly recommended.

Sometimes holding the Wish-Granting Gem in one's hand

By A Customer

Occasionally - very rarely - the wish-granting gem is placed in one's hands. This text, a skilful interweave of the root verses by Guru Padmasambhava and a commentary given recently on the US West Coast by the Ven. Gyatrul Rinpoche, is exactly one such opportunity. As a long-term practitioner of the D  d'jom Lineage of teachings, and translator to His Holiness Shenphen Dawa Norbu Rinpoche, I cannot too strongly recommend this book to all those who feel they would like to undertake the Buddhist path. The Ven. Gyatrul Rinpoche skilfully steers the practitioner - be they beginner or mature student - through the various reefs of hope and fear attached to such an undertaking, and brings them clear to at least a vision of the path that leads to the other shore, beyond, and back again. He is to be thanked profoundly for his great compassion, humorous skill and wisdom.
