# **THE 12 SCREAMS OF CHRISTMAS (GOOSEBUMPS MOST WANTED SPECIAL EDITION #2) BY R.L. STINE PDF**

The infamous, Most Wanted Goosebumps characters are out on the loose and after you. For the first time ever, it's a Goosebumps Christmas!

Kate Welles doesn't want to be special. She just wants to play the lead in her school's Christmas play. Her annoying "friend" Courtney is constantly getting in the way of that. Can you even call someone a "friend" if all they do is make fun of you and ruin everything all of the time? But Kate has to get along with Courtney or else neither of them will be allowed to take part in The 12 Screams of Christmas.

Kate and Courtney's teacher decides they need to find a special place to rehearse. A certain house with a special history. The kind of place that Kate would normally be pretty frightened to go into. The kind of place that gives new meaning to the term: Christmas Spirit.

**NOT FOR YOUNG KIDS Much DARKER Than The Original Goosebump Books**

**By That Girl**

I am a lifelong Goosebumps fan and horror fan. I read much of the original series as a young kid. Recently I introduced my son to the original Goosebumps and he immediately fell in love with them... Until We started reading this one. I picked The 12 Screams of Christmas up thinking we'd have something scary to read before the holidays. The first 8 chapters of this book are very well written, and definitely page turners that put me on the edge of my seat to keep reading more to find out what would happen next, but they were also very grim, and very dark for a Goosebump book. This would be wonderful for a 10-12 year old horror fan

but not so much for the 6-8 year old horror lover. I asked him if he wanted me to switch to another book as this one was a bit dark for him, He said it was upsetting to him and nodded (mind you this kid loves night of the living dummy, and loves the world of internet Creepy Pastas.)

Stick with the originals if you are giving or reading these to a younger child. This was too much for my spooky kid.

Screaming good fun!

By Ionia Froment

It's Goosebumps! For Christmas? Okay, so that seemed kind of weird at first, being that Christmas is a time of cheer and good tidings, but I thought this worked pretty well. It seemed to me that this book was a might more grown up than previous goosebumps titles I've read. The characters had a bit more depth and the story was a little scarier than I recall the other books being.

Still, this had the original Goosebumps flair, with laugh out loud moments and goofy characters to fill in the tense spots. I think kids of all ages will enjoy this book just as they have done with the rest of the series before it.

The frights in this story were original, and I liked that the main character had other drama in her life besides seeing ghosts. I'm sure kids could relate to the issues she brings up.

I love these books, and this series will never cease to please, in my opinion.

This review is based on a complimentary copy from the publisher and provided through Netgalley. All opinions are my own.

Bone chilling, spine tingling, tension popping – this has it all...

By Bill Baker

Bone chilling, spine tingling, tension popping – this has it all – the challenge?

You can't read just one page...or two...be ready to gobble this one up like your favorite snack.

Speaking of snacks, grab yours, turn off your phone (really!), hit the john, and find the most comfy place you know and be ready to read this straight through till the last page....just a little surprise waiting for you!
