It will not take often times to get one book The Baal Cycle: The Art Of The Epic Of Baal By Stephen Andrew Missick It will certainly depend on your web link. Just acquisition and download and install the soft data of this publication The Baal Cycle: The Art Of The Epic Of Baal By Stephen Andrew Missick

THE BAAL CYCLE: THE ART OF THE EPIC OF BAAL BY STEPHEN ANDREW MISSICK PDF

Baal, Ashtoreth, Dagon, Molech and Asherah are Canaanite gods who are frequently mentioned in the Holy Bible. Who did the Canaanites believe these gods to be? Why did Israelites make idols of Golden Calves? What was an "Asherah Pole"? What were the "pagan ways" that the prophets of the Lord warned the Israelites not to emulate? Knowing the answers to these questions can deepen one's understanding of the Holy Bible. In 1929 important texts were discovered at Ras Shamra in Syria that told the story of the Canaanite gods. These Ugaritic texts, along with other ancient sources, help us to reconstruct the beliefs of the ancient Canaanites and widen our understanding of the Sacred Scriptures. This book is an illustrated version and extended edition of the story of the "Epic of Baal the God of Thunder."

Five Stars

By CW

I do not recommend this book to any one because the book does not contain the actual stories; it is combination of stories from Mesopotamian and Canaanite stories. It is plagiarized. I recommend people to read Micheal D. Coogan and Mark S. Smith for the actual stories. This book will only cause confusion and misinformation. These are historical documents and you cannot just fill the stories with other stories and claim them as your imagination.

The ancient Canaanite myths come alive in the Baal Cycle

By Stephen A Missick

This book is a re-telling of stories from ancient Canaan based on the Ugaritic texts and other ancient sources such as Sanchuniathon. This is an illustrated book and contains an appendix that discusses details about the ancient texts and lists more academic sources. This book can dispel confusion about what the Canaanites believed (with widespread confusion about Nimrod, Semiramis, and sun-worship). Reading this book will help clear up many erroneous views that many people have about ancient Canaanite religion. Coogan's short book is a good introduction but this version of "The Baal Cycle" attempts to introduce the wider Canaanite world view. (Coogan great book translates fragments from Ugarit. With "The Baal Cycle" the author

attempts to tell the wider story of Canaanite mythology.) Most books written about Canaanite mythology are academic and are written in a way that is not accessible to the general public. This book is an attempt to rectify that problem. This book will help the reader understand the deeply ingrained polytheism that the Hebrew prophets struggled against for centuries and will help readers to understand the cultural background to the Old Testament. The author did use creative license at times to create a coherent narrative and he discusses this in the commentary. That being said almost everything in this book is derived from ancient sources.
