Already, there are lots of resources to knowing, reviewing a publication The Cloud Book By Tomie DePaola still becomes the front runner as a fantastic means.

About the Author

Tomie De Paola is internationally recognized for having written and illustrated many children's books, including "The Lady of Guadalupe", "The Clown of God", "Cat on the Doverfell", "Big Anthony and the Magic Ring", and "Strega Nona", a Caldecott Honor book. Using watercolours and inks in this book to create full-colour illustrations, Mr. de Paola is faithful to the text. Since St. Nicholas is described in the poem as "a right jolly old elf," the artist has made him elflike, and shows him driving a miniature sleigh with eight tiny reindeer. Mr. de Paola has set the poem in a mid-nineteenth century New England town, using quilt designs from his own collection for the borders. This is the 100th book he has illustrated.

Educational And Funny.

By apoem

Any book by Tomie dePaola is a hit. He is an excellent illustrator. It is an educational book that provides nicknames of clouds and explains the various types of clouds and what they do. My children enjoyed this

book and read it many times over and used it to identify different types of clouds they saw in the sky. The illustrations help them identify the clouds they see too.
