Focusing on the collaborative and creative processes that go into productions, *The Creative Spirit: An Introduction to Theatre* introduces students to the theatre through the plays themselves and the people who write them, create them, and act in them. The book provides a rich context for each play with a discussion of the playwright's other works, sources for the play, timelines that present historical and cultural background, and a section on a particular production of the play to give students a sense of the theatre industry at close hand. *The Creative Spirit* includes complete scripts of five plays: August Wilson's *Joe Turner's Come and Gone*, Wakako Yamauchi's *And the Soul Shall Dance*, Tony Kushner's *Angels in America*, Milcha Sanchez-Scott's *Dog Lady*, and Nilo Cruz's *Anna in the Tropics*.

Creative way to teach Theatre to Non Majors

By WriteNow

The class I teach is called APPROACHING THE ARTS: THEATRE. The University also offers

Introduction to Theatre. I use this book because it contains the complete text of six good plays. Plays are the cornerstone of theater. Ms. Arnold uses these plays to demonstrate how different theatre artists approach their art. For instance there is a chapter on the Playwright that uses August Wilson's play JOE TURNER HAS COME AND GONE to teach how a playwright approaches writing a play, and what inspires a playwright. She uses each play to teach a part of theatre: acting, design, etc. I highly recommend this book as a means to get non theater people interested in making theater a life long habit.

What a great introduction to the theatre

By m\_hurlbut

I am new to the theatre, but had to take this class as a requirement. This book was very interesting and informative. If you are new to the art of theatre, then this book is for you. If you have to take it because it's required, don't worry, you'll enjoy the book. It was easy to read and understand as it was enjoyable.
