Old Fashioned Turkey Pro Tips - The Best!

By Clyde Dearman

Gene Nunnery gives his experiences growing up in the turkey woods and relays a vast knowledge of anecdotal, factual, incredible and sometimes comical information about the almost lost love of TRUE turkey hunting in the old fashion manner in which there is a one-on-one, man vs. gobbler hunt. The essence of turkey hunting in the old-fashioned and "real" manner is promoted by Mr. Nunnery and by the time the reader is finished and hunts in this manner, he (or she) is willing to give up ALL the devices and gimmicks of "new fangled" hunting for the awesome experiences of hunting the old pro turkey hunter way. Once a true turkey hunter returns to hunting the way of our forfathers did, you can never go back: the experience pales in comparisson and the hunt is never quite the same with all the "stuff" of the new age turkey hunter. Get this book, read it and give it a try. The reader will have opened up to them the way that turkey hunting truly should always have been and should be. You will leave the "stuff" at home and enjoy the hunt as never before. The history and anecdotes alone are worth whatever price you have to pay. You will not be dissapointed!
