This book is written to encourage women to stand up and take their place in fulfilling destiny, as God expects us to, without giving excuses. As we all know, women are multi-talented, hence are capable of contributing to the society in many ways, besides childbearing and meeting the sexual needs of their husbands. Therefore, God is counting on women for great exploits in this end time.

Our roles as women in this end time is enormous and we must come to the understanding that God is waiting for us to begin to move mountains instead of looking down on ourselves, because of what society and tradition have made some of us to believe for centuries now. We must not allow our gifts and talents to waste away, thinking we are nothing but home keepers and our husbands are our God and great providers. We must get this right, that God is our provider, how He does it is up to Him and He is looking for women who will dare to step out of the box and allow Him to use them to do exploits, like He once used Deborah, Ruth, Esther, Kathryn Kuhlman, Mother Teresa, Mary Slessor and so on. It is amazing how the devil, has successfully lied to women, for thousands of years, through traditions and customs, that they are inferior to men and that their husbands are their main provider – as opposed to God.

Genesis 22 v 14: “So Abraham called the name of that place The Lord will provide.”

That is God is our provider. Child of God, listen to me, God can use a woman to provide for many, if you will allow Him. Stop thinking a man must provide your every need. I believe that era, is no more. Look around you, women are now Presidents of nations, God is looking for women to use, in reshaping the world and communities around them – including families, according to His will and purpose. Will you allow Him to use you?
